

## WEST END

**Diphtheria Has Appeared In Peter Hanson's Family at West Duluth.**

**One Child Is Dead and Two Others Are Ill With It.**

**I. O. O. F. Installation Last Evening—C. H. Martz's Son Injured.**

Diphtheria has broken out in the family of Peter Hanson, near Sixty-sixth avenue and Park street, in malignant form. A four-year-old child died yesterday of the disease, and two more children have been taken down. There are several other children in the family, and it is feared that there will be a further spread of the disease. It is reported that the children have been attending school at the Fairmount building, and the people in the neighborhood are pretty well frightened over the affair. It is understood that the health department has the matter in hand, and that every precaution will be taken to confine the disease to the present patients.

**I. O. O. F. INSTALLATION.**  
The 8-year-old son of C. H. Martz met a narrow escape from death last evening about 5 o'clock, near his home in Oneco. He was riding a bicycle when some other children frightened the horse and the boy was thrown violently to the ground. His scalp was torn open about five inches, and he was otherwise badly shaken up. Dr. Hinton was hastily summoned and the boy's head sewed up.

**WEST DULUTH BRIEFS.**  
Frank Holt, of Wabasha, S. D., is in the city, visiting the family of George Kresley.

M. M. Clark is convalescent after a short illness.

## thinness

The diseases of thinness are scrofula in children, consumption in grown people, poverty of blood in either. They thrive on leanness. Fat is the best means of overcoming them. Everybody knows cod-liver oil makes the healthiest fat. In Scott's Emulsion of cod-liver oil the taste is hidden, the oil is digested, it is ready to make fat.

When you ask for Scott's Emulsion and your druggist gives you a package in a salmon-colored wrapper with the picture of a man carrying a large fish on his back—that is the man you want.

## HARMONY

All Was Quiet and Serene at the County Board Meeting.

Bids For the County Printing Were Received From the Newspapers.

County Road Superintendent Report of Work During the Year.

The annual meeting of the board of county commissioners yesterday afternoon was decidedly different from that of a year ago. When at that time there was strife and discord and a curious confidence that on all questions the vote was 3 to 2, yesterday all was brotherly and unanimous. J. C. Helm was re-elected chairman, and all the officers of the county who have served during the year were re-elected without a dissenting voice and their salaries were continued the same as before.

The meeting was largely routine. The bids for blanks and blank book printing was postponed to an adjourned meeting and the bids for county printing were opened. Before their introduction Commissioner Denham arose to remark that he thought the contract should be given to one of the daily papers, and he did not believe in considering anything else.

The bids were as follows: News Tribune—Tax list, 25 cents per line; notices and advertisements, 2 cents per line for first insertion and 1 cent for subsequent insertions; financial statement, 18 cents per folio for first insertion and 2 cents for each subsequent insertion; pamphlets, 150 for 25; proceedings, 4 cents per folio.

Duluth Press—Proceedings, 14 cents per folio; financial statement, 4 cents a line for first insertion for double columns and 2 cents for subsequent insertions; 2 cents for single line first insertion and 1 cent for subsequent insertions; tax list, 2 1/2 cents per description three times; notices and headings, 2 cents for the first and 1 cent for subsequent insertions.

Commonwealth—Proceedings, 8 cents per folio; financial statement, 5 cents per line for double columns and 2 cents for single columns; tax list, 3 cents per description.

Herald—Tax list, 25 cents per description and lines appearing thereon; financial statement, 35 cents per folio for ten lines single and double columns; three insertions; pamphlets, 25 cents per folio.

These bids were held over until today. Chairman Helm and Commissioners Miller and Morcom were appointed a committee to look into the books and vouchers of the auditor and treasurer. The probate court was adjourned \$400 for clerk hire for the coming year. On petition of the judges and county officers, Commissioner Denham was empowered to furnish the court house with spring water.

Duluth Typewriter union, No. 135, petitioned the board to let the contracts for blanks at home if the differences in the bids were not too great, also to require the union label on the printing. It was accompanied by a similar petition signed by many citizens. Petition from the Union Veterans' lodge asked the appointment of James Russell as night watchman and P. S. Cowden as engineer of the court house. They occupied these positions during the former regime. The petitions were filed.

COUNTY ROAD WORK.  
The superintendent of roads made the

following report for the year: Eveleth and Fayal, improved one mile, \$755.90.  
Tischer, three miles, \$285.88; left over from appropriation, \$14.25.  
Swan Lake, six miles, \$427.63; left over, \$21.37.  
Crane Lake, twenty-seven miles, \$389.08; left over, \$406.92.  
Norman, two and a half miles, \$549.22; left over, 68 cents.  
Industrial, three miles, \$1517.47; overdrawn, \$17.47.  
Ely and Fall Lake, two and a half miles, \$1276.11; left over, \$25.87.  
Murray, two miles, \$490.21; left over, \$9.96.  
Howard and Gnesen, one and a half miles, \$1725.18; left over, \$24.84.  
Cloquet River, one and a half miles, \$1247.70; overdrawn, 47 cents.  
Independence, five and a half miles, \$700.31; overdrawn, 51 cents.  
Rice Lake, five miles, \$4175.21; left over, \$624.73.  
Virginia and Mountain Iron, four miles, \$251.05; left over, \$24.84.  
Tower and Hasea, twenty-eight miles, \$996.70; left over, \$295.30.  
Kelsey, one and a half miles, \$159.75; left over, 25 cents.  
Culver, two miles, \$515.43; overdrawn, \$16.83; Culver extension, \$108.08.  
Savanna, three and a half miles, \$1406.99; left over, \$308.30.  
Canwell, one and a half miles, \$162.25; left over, \$29.75.  
Fayal and Fall Lake, one and a half miles, \$957.10; left over, \$62.26.  
Maple Grove, one and a half miles, \$596.40; overdrawn, \$8.40.  
Virginia and Eveleth, one mile, \$832.19; overdrawn, \$21.19.  
Hibbing, two and a half miles, \$1320.53; left over, \$349.47.  
Iron Junction and Eveleth, three and a half miles, \$821.05; left over, \$268.95.  
Swan Lake, eleven miles, \$800.80; left over, \$349.40.  
Hawbik, one mile, \$405.07; left over, \$19.93.  
Proctorstown, two miles, \$685.62.  
Hermantown, one mile, \$396.44; left over, \$39.56.  
Thompson, one mile, \$85.  
McKinley and Virginia, three and a half miles, \$341.50; left over, \$25.86.  
Caldwell, four and a half miles, \$400.  
Wood, \$52.99; overdrawn, \$2.50.  
Total for labor, \$32,511.42; total for materials, \$216,219; total, \$25,637.61; total left over, \$261.31; total overdrawn, \$1,621.26; net amount left over, \$259,19. This does not include any of the cost of surveying.

THE POOR FARM.  
The annual report of the poor farm showed 42 inmates Jan. 1, 1905, 106 admitted and 147 discharged during the year, and 51 inmates Jan. 1, 1906. The total expenses were \$706.75, and the net cost to the county was \$672.85.  
The superintendent of poor reported expenditures as follows: Provisions, \$700; fuel, \$75.90; clothing, \$129.75; burials, \$65.70; transportation, \$592.95; poor farm expenses, \$541.85; hospitals, \$862.44; miscellaneous, \$235.65; total, \$3252.87. The hospital expenses were divided as follows: St. Mary's, \$337.25; St. Luke's, \$359.61; other hospitals, \$114.59. There were 153 applications for aid during the month and 526 visits.  
The clerk of courts reported \$152.55 earnings for December and the register of deeds \$313.75.

THE COUNTY HOSPITAL.  
Last night the commissioners met

again, though one would not have known it from the morning paper's account of the board meeting. No business was done, but a good deal of talk was indulged in. For one thing, the commissioners are again seized with the idea of building a hospital. The county paid out \$14,000 to the hospitals last year, and the commissioners thought that the county could do a great deal better by having one of its own. It was decided to look the matter up, with a view to determining where the means are to come from.

The chair was instructed to appoint a committee of three, including the auditor and the chair, to go to St. Paul and consult with the state auditor and the attorney general about certain bills for supplies and office rent, which are not large in amount, but would if allowed to pile up, and which the board is in doubt about.

This morning's session was taken up with the county printing matters, which were not let at noon. The Duluth Press had the lowest bid for the tax list, The Herald for the financial statement, and the Commonwealth for the proceedings. According to law the tax list must go to the lowest bidder. The other matters were referred to the commonwealth's refusal to take any part unless it was allowed so, so it is in doubt about it. The matter was left undecided.

A PECULIAR DEATH.  
Postmaster at Thomson Died in Inspector Wood's Presence.

C. A. Peterson, postmaster at Thomson, died under peculiar circumstances yesterday. In March he reported his office as being of \$90. He claimed the money was stolen while he was away at dinner. This left him in bad shape, and for some time the office has been reported as being in a state of confusion. He was not seen for some time, and his disappearance was not investigated until he was found in a ditch near the office. He was found with a bullet wound in the head, and his pockets were empty. The police are investigating the case.

THE PARK BOARD.  
The regular monthly meeting of the park board was held yesterday. The members present were Mayor Lewis, B. S. Silvester, A. H. Chapin, Henry S. Mahon and Secretary H. C. Helm. The usual routine business including the auditing of accounts was transacted. Secretary Helm presented an informal report. An adjournment was taken for one week.

INTENDING TO CATCH YOUR EYE.  
Don't skip this paragraph because it is small. It is worth reading for it tells about the Pineola Balm, a certain remedy for the stomach, tickling in the throat and the stopped up feeling in the upper part of the throat. A single cough may turn into something serious if left alone. It ceases to vex you and to keep you awake at night when you have applied the Pineola Balm in your throat with Ely's Pineola Balm. The druggists sell it for 25 cents.

We endorse all the proprietors say about the merits of Salvation Ointment. It is the greatest cure on earth for pain. 25 cents. Planes are leaving Coon's daily.

## THE BOAT CLUB.

Annual Meeting at the Spalding Last Evening.

The annual meeting of the Duluth Boat Club was held in the Spalding lodge last evening, and the interest displayed promises well for aquatic sport during the coming year. The election of officers took place. James C. Hunter was elected president. T. W. Hoopes has been in the position for a number of years, but preferred that he be allowed to retire this time. F. H. White, who has been the very efficient secretary of the club through several seasons, was pushed up a notch, being made first vice president. Dean A. Burke was chosen second vice president. For the new secretary, Colin Thomson was elected. The committee on the Minnesota and Winnipeg Amateur Rowing association was unanimous, and he gracefully promised to do all in his power to fill the position to complete satisfaction.

The selection of captain came next, and W. C. Sargent was nominated for re-election. The executive committee of the Minnesota and Winnipeg Amateur Rowing association was unanimous, and he gracefully promised to do all in his power to fill the position to complete satisfaction.

THE OFFICERS' REPORTS.  
The report of the officers for the past season, in which all classes of racing were represented, and these two regatta past seasons, to stimulate a spirit of generous rivalry among the boys, and I would recommend a series of these each season. I would also recommend the holding of an annual regatta, the winning crew to be the different races at which, should be chosen to represent the club at the annual regatta of the Minnesota and Winnipeg Amateur Rowing association.

The club is now well equipped with shells, working boats and pleasure boats, and the coming season it will not be necessary to make any new purchases of boats or shells and only a comparatively small number of shells, sculls and boat rigging.

THE FUTURE PROSPECTS OF THE CLUB seem to be brighter than ever. We have material for a great oarsmen as there are in America today, and next year the club will undoubtedly be able to send a winning crew to every race.

"I think it would be a desirable thing for the club to join the National Amateur association, and I feel sure it could make a creditable showing in the four-oared, eight-oared and single scull classes."

"Two local regattas were held the past season, in which all classes of racing were represented, and these two regatta past seasons, to stimulate a spirit of generous rivalry among the boys, and I would recommend a series of these each season. I would also recommend the holding of an annual regatta, the winning crew to be the different races at which, should be chosen to represent the club at the annual regatta of the Minnesota and Winnipeg Amateur Rowing association."

and the whole fleet having received a thorough overhauling the past season, the cost of fitting out the coming spring will be very small.

An inventory of the club's possessions was then given, and in conclusion Capt. Sargent said:

"Not being a rowing man, I do not take any credit for the success of the Duluth crew at the regatta to myself, but I have over had the interest of the club and the welfare of its members at heart, and can assure any successor that he will find material to win any honors among the old boys, and we have some new members who have recently joined who, I feel sure, will show up well this year. The Duluth Boat club is an institution of which any city or state may feel justly proud, and I thoroughly appreciate the honor of having been its captain."

HIS SUGGESTIONS APPROVED.  
The suggestions of Capt. Sargent were taken up and it was left to the board of directors to fix the regatta day. It was also voted to join the National Amateur association.

P. H. White and W. C. Sargent were selected as the club's representatives on the executive committee of the Minnesota and Winnipeg Amateur Rowing association. This committee will meet in Duluth this year.

The directors were asked to open a manna-house in their building, it is advisable to do so. It was also decided to give an annual party, and it was left to the board of directors to fix the date.

The committee on securing a location for the club reported that L. Mendonah will not remove the loss of the present site, but will allow the club to stay there from year to year for \$200 a year and the taxes. It was voted to accept this.

The club then adjourned.

De Witt's Little Early Risers for biliousness, indigestion, constipation. A small pill, a prompt cure. S. F. Boyce.

Fidelity Lodge A. O. U. W.  
Tomorrow night will be a red letter night in the history of Fidelity Lodge No. 105, A. O. U. W. The officers, elected in December last, will be installed, and the members have made preparations for a great entertainment. The ceremony will be held in Odd Fellows' hall, Lake avenue, at 8 o'clock p. m. The officers to be installed are as follows:

C. G. Firoved, P. M. W.; Nels Anderson, James McDowell, foreman; R. D. King, foreman; J. Powers, secretary; T. J. Tyler, financier; M. Newcomb, foreman; J. W. Newcomb, foreman; C. W. Newcomb, foreman.

Another Grand Recorder Olson will be present from St. Paul and assist in the installation, delivering an address immediately afterwards. A musical program has been prepared, and the services of Frank Schultz, basso, E. W. Prophet, tenor, and others have been secured. Miss Williams will preside at the piano. After the installation the members of the lodge and their friends will partake of supper in the basement of the Odd Fellows' hall, and dancing will be conducted on the second floor. Indications point to the most successful entertainment that enterprising lodge has yet given.

One Minute Cough Cure is a popular remedy. It affords instant relief from coughing, when afflicted with severe cough or cold. It acts on the throat, bronchial tubes and lungs and never fails to give immediate relief. S. F. Boyce.

PIRE AT SELLERS MINE.  
The dryhouse at the Sellers mine, a large 2-story building, was entirely consumed by fire last Friday night, says the Hibbing Sentinel. It is quite likely that the fire originated from the explosion of a lamp as one was left burning by the night pumpman who descended the shaft about that hour to relieve his fellow workman. In less than fifteen minutes from the time the pumpman quit the building the whole interior was in flames. The drying house was built last spring at a cost of about \$1500. It contained all the working clothes of the men, and the belongings of the pumpmen. The clothing was worth probably \$600. The loss was total.

OVER OLDEN TIMES.  
People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now they are generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will take the fiber laxative, which act for a time, but finally injure the system.

TO LOAN AT THE LOWEST RATES with the on or before privilege.  
Wm. M. Prindle & Co.  
216 West Superior Street.

## Almost Concluded.

The retrenchment committee met yesterday afternoon and at his own request called up Chief Armstrong for the second time. Since his first interview with the committee the chief has been compiling comparative statistics of the expense of running the police department in some of the cities which had been mentioned as economically administered. It was a surprise to the committee to find anyone volunteering to testify and the chief was thanked by E. H. Bruce. The committee will soon be ready to make its report to the council. The examination into the school board affairs is almost concluded.

IS IT A TRIFLE?  
That Common Trouble, Sour Stomach, Now Known to be the Source of Serious Diseases.

"Sour stomach," is the common name for acid dyspepsia, and because it is a common everyday trouble with many people, they have come to look upon it as of little consequence, as affecting the general health. Nevertheless, the most serious diseases have their beginning from this very condition. It is caused in the first place from weakness of the stomach, which, instead of promptly digesting and disposing of the food, allows it to lie in the stomach for hours fermenting, causing gas, sour rising in the mouth, heart burn, headaches, oppression, despondency, dullness, etc.

Pure blood, strong nerves and circulation poor simply because it is replenished from this mass of fermenting half digested food. This condition of the stomach cannot continue very long without deranging the nervous system. The kidneys, heart, liver or lungs, which ever is weakest will break down first.

vention, its business men will undoubtedly lend undivided support to this body. The lodge has its second serial entertainment Feb. 12, it being Lincoln's birthday, and the lodge, assisted by the colored citizens of the city and state, will inaugurate this illustrious man's birthday in an elaborate style.

If suffering with piles, it will interest you to know that Dr. Witt's Witch Hazel Salve will cure them. This medicine is a specific for all complaints of this character, and if instructions (which are simple) are carried out, a cure will result. We have tested this in numerous cases, and always with like results. It never fails. S. F. Boyce.

AMUSEMENTS.  
MCKENZIE CONCERT COMPANY.  
Miss Elise Fellows, the violinist, who appears with Miss McKenzie on Thursday night at the Lyceum, is the youngest of America's lady violinists, who are really artists. She was a mere child when she began to play, and when she was 12 years of age had mastered it sufficiently to make her first public appearance, and made such an impression upon her audience that she became very popular in concert rooms in Boston and other Eastern cities. Her great success did not, as often is the case, turn her head. She realized fully that to become an artist in any line of art requires toil and particularly on such a difficult instrument as the violin. She continued her studies under Adamovsky and afterwards with Franz Kneisel of the famous Knietzel quartet. Then she went to Europe and took the first prize at the Imperial Conservatory in Vienna. During her stay in Vienna she was a great favorite in the American colony. Since her return to America a year ago she has achieved success after success, until today she is considered one of the best violinists in the world.

"Wang," with its wealth of former poverty, comes with a new and everything bright and new. Preparations for the tour have been going on for some time with a costly elaboration that utterly ignored hard times. It will be seen for the last time here next Friday and Saturday afternoon at the Lyceum, and already the demand for seats is so great that the house will be packed.

Stuart's Dyspepsia Tablets are superior to any secret patent medicines because you know what you are taking into your stomach. They are sold by druggists everywhere at 50 cents per package.

**City Authorities Will Over a Condition of Affairs Discovered Today.**  
The fact that Diamond Dye have been the standard home dye for nearly twenty years, and that their dye increases from year to year, is proof positive that they have never had an equal.

**Men Delivering Water Have Been Getting It From Filthy Creeks.**  
Grand Jury is Still Investigating Reservoir and Intake Work.

There was an exciting time in the office of the board of public works this morning which it was expected that acting in direct disobedience to orders the men on the carts which are distributing pure water have been obtaining their supply from creeks which are infested with sewage. The ones which caused a general complaint were Peter's creek, a feeder of Tischer creek near the Hardy school and Coffee creek at the West End. When the men were sent out they were explicitly instructed by the board of public works under the direction of Health Officer Routh to take water only from the springs and under no circumstances from any creek.

Arrangements have not yet been completed for securing the tank cars from the Northern Pacific to be given up to the board of public works. The offer of the St. Paul & Duluth railroad to haul water from the tank cars from Duluth to the city is being considered. The board of public works is also considering the offer of the St. Paul & Duluth railroad to haul water from the tank cars from Duluth to the city.

The grand jury is still hot on the trail of the Duluth Gas and Water company, and nearly all of today's session was given up to the investigation of the water question. A number of doctors and citizens from the city were present. The grand jury, and a number of citizens, appeared before the grand jury, and a number of citizens, appeared before the grand jury, and a number of citizens, appeared before the grand jury.

**STILL INVESTIGATING.**

### WHAT THEY SAY.

Some Words of Encouragement From Persons Whose Experience is Valuable.  
"Intelligence is the curse of this country," says a New York medical journal in a recent editorial. "Both men and women suffer from this distressing complaint and it causes a tremendous amount of misery." This is all very true but there is no reason why any man or woman should suffer from indigestion when there is a ready means of preventing it. Thousands of people have discovered a sure cure for this made dreadful complaint and some of them have given the public the benefit of their experience.

Mrs. E. Turlion, 215 Park avenue, Cincinnati, says: "I had dyspepsia for fifteen years and was entirely cured by taking Dr. Williams' Pink Pills. I had tried almost everything and know that this was the only cure where all others fail. I am advising all my friends to use it."

These are only two cases selected from thousands of others but they are sufficient to prove that dyspepsia and indigestion can be always avoided by the regular use of Dr. Williams' Pink Pills. It will not only keep the digestive organs in perfect condition but give tone and energy to every part of the body. There is no other place than the stomach where the body is so weakly that it can be cured by the use of this medicine. Therefore, make sure that you have no further indigestion when purchasing from your grocer or druggist.

We have 21,000 tons of the best grade of coal on hand. We own our own teams and will deliver on one minute's notice. Why order of little common firms that only have one team to deliver coal these cold days. All we want is one minute's notice.

Duluth Van and Express company, Office, 28 West Superior street.  
Mrs. Winslow's Soothing Syrup for children teething, softens the gums, reduces inflammation, allays pain, cures wind colic, 25 cents a bottle.

**NOT OUT OF IT.**  
Mayor Lewis Still in the Mayoralty Race.

Rumor had it today that Mayor Lewis had decided not to enter the race for the mayoralty. There is no confirmation to this, however. The mayor is saying nothing at present and he must be considered as in the field until he announces differently.

The name of T. W. Hugo is heard more frequently today than formerly and he will undoubtedly have a strong chance in the ward. Around the city hall his chances were talked of pretty freely, and it is generally agreed that he would make a good candidate.

Mr. Truesden is not making any great stir as yet and probably will not until after the Republican nomination is made. He says he will have a thorough campaign organization and will have his corps of workers in every precinct in the city.

The citizens' ward committee of the Sixth ward met today to agree on a candidate for alderman, met last night with eight members present and selected P. George Hanson. The vote stood 6 for Hanson and 2 for Alex Kennedy. In the convention there were ten of the committee present and the vote was a

James Cullford is the latest aspirant for the Republican alderman nomination in the Fifth ward. He is after the long term, but if Alderman Patterson remains in the field he is willing to succeed Alderman Westaway. George Claypool positively refuses to become a candidate.

**MONEY TO LOAN**  
AT 6 AND 7 PER CENT.  
Any amount. No delay.  
Howard & Patterson,  
202 First National Bank Bldg.

**Needs His Watch.**  
In the case of Thomas Gardner against P. H. Day, the sheriff has been ordered to show cause at Saturday's special term why he should be compelled to give to the defendant some clothes and a watch which were seized on supplementary proceedings and which are alleged to be exempt. The defendant made an affidavit to the effect that he needed the property in his possession, especially the watch, as he could not administer narcotics to patients who seized the watch and operated without the aid of a watch.

**BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.**  
As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reliable physicians as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by P. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by P. J. Cheney & Co., Testimonials free. Sold by druggists, price 75c per bottle. Hall's Family Pills are the best.

At the above price our stock of Blankets will not last long, you had better buy early, thus getting first choice.

#### Dry Goods And Dress Goods

On this side of the house. Hotel and restaurant keepers, as well as the housewife, will find many articles in the line of MARKING, TABLE LINEN, TOWELS, SHEETINGS, ETC., which can be bought now for a great deal less than jobbers' cost.

The remainder of our Dress Goods and Flannels will be almost given away. 50 pieces extra quality 8-4 Unbleached Sheeting at. **12c**

#### Table Linens.

Our Turkey Red Table Linens, always worth 40c, will sell during the big sale at. **20c**

A good Bleached Damask, worth 40c, will sell at. **23c**

An excellent Bleached Table Damask, 64 inches, worth 75c, we shall close out at. **39c**

Bleached Satin Table Damask, worth \$1.25, at. **75c**

The best Bleached Satin Damask, 72 inches, worth \$1.50, is the big snap of the big sale at. **89c**

#### Towels.

Well, we will not bother you with a lot of quotations on Towels, because you will have to see them to know what they are anyhow. We cordially invite you to come in and look them over. It will be profitable time spent if you are in need of Towels. You can take them away at almost your own price. They must be closed out.

#### Flannels.

10 pieces of the all wool blue twill Flannel at 10c a yard. Cannot be duplicated for less than 20c. These goods are every fiber wool. **10c**

The red, gray and orange Flannels we are selling at 12½c are all wool and worth double the money, but it is just like giving them away. **12c**

#### Our Canton Flannels at

Are great value for the price. You'll admit it when you see them. **5c**

#### Outing Flannels.

A complete assortment at the low price of. **5c**

the yard, checks, stripes and the plain white, worth 8c to 10c, and other houses are asking it too for like qualities and patterns. **4c**

A couple of thousand yards of those Silesias left to close out this week. These Silesias have created a sensation among the merchants; they wonder how we can do it. What we lose on them is our business and your gain. A "straight tip," we say buy Silesias now before these are gone. Remember, there are no slate black or browns among them, but the quality is the best.

#### Remnants.

We will make our remnant counter a feature for a few days. You'll find something on this counter you cannot resist buying, for the value will be great for the price asked. Look over the Remnant Bargains here sure.

## ELECTION

Commercial Club Chose Its Officers For Next Year Last Evening.

The Normal School Site Matter Brought Up By R. S. Munger.

Offer Must Be Made Within a Few Weeks--Other Business.

The Duluth Commercial club met last night in the Shum block hall and elected the following officers for the ensuing term: President, Henry C. Helm; vice president, S. W. Hill; secretary, J. H. Whiteley; treasurer, N. L. Summerfield. The new board of directors will consist of J. W. Preston, C. S. Pierce, J. H.

Poole, W. W. Allen, and Gus Borgquist. R. S. Munger by invitation addressed the club on the prospects of the Duluth & North Dakota railroad. He had just returned from a meeting of the directors of the road which was held at Drayton. He had attended by request of the Jobbers' union and was well received, being elected vice president of the road. Mr. Munger concluded his remarks with a glowing exposition of the advantages to Duluth resulting from the successful completion of the road.

NORMAL SCHOOL SITE. Another subject introduced by R. S. Munger and President Helm was the normal school site question. A year ago the normal school board visited Duluth and looked at various proposed sites for the school, one of which must be donated by the council before the last of February in order to secure the location of the school in Duluth. Informally the board favored the Lincoln park site at Twenty-sixth avenue west and Sixth street, which belongs to the Norton estate.

It was decided that in view of the limited time left to take advantage of the offer immediate action was necessary. President Helm suggested that the spending of \$1000 or \$2000 by the city in order to secure a \$100,000 state institution would be favored by everyone. On motion H. C. Helm, C. S. Pierce and R. S. Munger were appointed a committee to advise Judge Carey, who is agent for the property and try to obtain an offer from him in order to report at the next meeting of the council. The committee met at the city hall at 2:30 o'clock this afternoon to confer.

A SHOT AT DULUTH. Superior Telegram. The St. Paul Dispatch tries to console the city of Hastings by saying that the Minnesota people will soon go crazy to warrant the establishment of another

asylum, which will surely be given to Hastings--if Duluth doesn't.

PLENTY OF TIMBER. For Positions on State Agricultural Society.

At the annual meeting of the State Agricultural society next Wednesday the chief interest will center about the election of officers and new members. The prospects are that the chief contest will come over the election of a successor to John Furlong, of Austin. Mr. Furlong is a candidate for re-election, and will find as opponents H. L. Prosser, of Preston; E. Bernard, of Pipestone; and Editor Bernard, of the Grand Rapids Herald. Gil Graves, of Duluth, and Mr. Cooley, also of Duluth, there appears to be no opposition to the re-election of P. P. Watson, of Morris, who succeeded Ed Rothell when the latter became secretary of the society, and the present indication are that President Weaver, First Vice President Wyman Elliott, of Minneapolis; Second Vice President D. R. Merdime, of St. Paul, and Secretary Randall will all be re-elected. A large number of important men in the grounds are also to be discussed.

IN OLDEN TIMES. People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system.

## AMUSEMENTS.

### McKENZIE CONCERT COMPANY.

The concert given by the Robecca McKenzie company at the Lyceum last evening was most charming and delightful entertainment, and the audience, which comfortably filled the theater, witnessed its pleasure by the warm applause. Every number on the program was executed and well as all deserved. This company of young artists, which started out from the Temple a few months ago, and which now comes back after a successful tour taking up more of the interim, has covered almost at a step the boundary line between amateurs and professionals, and few traveling concert companies can surpass them in the excellence of their work.

Each member of the company had three numbers, sufficiently varied to develop all their good qualities. Miss Rebecca McKenzie is of peculiar interest to Duluthians, because it was in Duluth that she received her musical education and she was frequently heard here in amateur performances before her entrance into the professional world.

It is a pleasant experience to note the growth of Miss McKenzie's talent, which evidences itself plainly on her each successive appearance. The few months' public slinging have not only rounded and matured her voice still more, but they have brought her an ease and grace of manner on the stage which only comes from habit.

Her last number last night was an exceedingly ambitious and trying aria, it was Ophelia's mad scene from Hamlet, and she sang it with a confidence and ease that could not easily have been picked, and young singers who attempt it must needs have daring and confidence. It is a number of difficult runs, trills and rapid passages, and she sang it with a confidence and ease that could not easily have been picked, and young singers who attempt it must needs have daring and confidence. It is a number of difficult runs, trills and rapid passages, and she sang it with a confidence and ease that could not easily have been picked, and young singers who attempt it must needs have daring and confidence.

Another tour. The most popular of comic operas, "Wang," will be produced at the Lyceum this evening and tomorrow afternoon and evening. The story of "Wang" is familiar to theatergoers. It had a run of 20 nights at the Broadway in New York, which proved its merits as a favorite. It is more a sentimental than a comedy, but its bright scenes are elegant and entirely new, the music is catchy, the lyrics are bright, and the local hits are irresistible.

### LAND DECISIONS.

Several Rendered By the Commissioner's Office.

In the case of the state of Minnesota vs. George W. Post a decision has been rendered by Assistant Commissioner Post, affirming the decision of the local officers. The land involved is the 1/4 of sec. 1 and 1/2 of sec. 2, of section 26-52-24. The state claimed the land under the school grant and asserted that John Grate took the land in the interest of George W. Post and did not settle on the land until after the repeal of the pre-emption law. Assistant Commissioner Post has also rendered a decision in the case of Peter

Novak, homestead applicant against W. P. Clark, timber and stone claimant, involving lands in section 19-52-16. The decision of the register and receiver in favor of Clark is affirmed.

Commissioner Lamoreux has rendered a decision in the special hearing case of the government against Vels A. Holt. It affirms the decision of the local officers, holding the land for cancellation. The land involved is lots 6, 11, 12 and 13, section 21-52-12.

A decision in the case of the government against Thomas Donnelly was rendered and Donnelly's land is held for patent, a confirmation of the local officers' decision. His filing covered the 1/4 of sec. 24 section 26-52.

Kilgore & Stewart remove to the Longdale building soon. Read removal sale adv.

TELEPHONE 292. Established 1887.

Prof. Woolman Finds the Smithville Spring Water Exceptionally Good.

The Large Railroad Tank Cars Will Be Filled From This.

Health Officer Routh Wore Red War Paint Yesterday and Today.

This morning Professor Woolman, who has been making an analysis of the Smithville water which the city proposes to distribute, reported to the health department that the water is remarkably pure. The board of public works was immediately notified of the fact. The samples analyzed were obtained yesterday afternoon by Health Inspector Colby Smith.

The tank car which arrived yesterday was thoroughly cleaned and sterilized under the supervision of George Laux, who was present in charge. President Davis said this morning that the first load of 10,000 gallons would be brought in this afternoon and the car located on the tracks at Third avenue west. Seven water carts have been provided for its distribution. Two more of the tank cars are billed to arrive this afternoon or tomorrow morning, and the next car ready for service will be located at West Duluth.

### HIS WAR PAINT ON.

Late yesterday afternoon Health Officer Routh called on the board of public works to personally discharge Street Commissioner Melby, who delivered the Petre's creek water in direct defiance to orders. A scolding of the board, refused to even suspend the man, and engaged in a heated discussion with Dr. Routh and Fred Kugler, of the health board.

This morning, on the arrival of the mayor at the city hall, he looked into the matter, but nothing will be done in that section. President M. J. Davis declares that the water delivered was as pure as possible, and some samples were obtained this morning for the purpose of analysis to settle the question. Aaron Olson, the street commissioner at the West End, who was responsible for the delivery of some forbidden creek water in that section, also came in for a roast from the board this morning.

### REMOVING THE ICE.

At the reservoir the gang of men under Manager James Hart, of the Duluth Ice company, worked all night cutting the thick ice and dumping it into Chester creek preparatory to emptying the big tank. The removal of about 300 tons in all was necessary, and the work will not be completed until tonight. The emptying and cleaning will be done tomorrow if possible.

Divers are working on the extension of the company's intake at Fourteenth avenue east laying the pipe in position to be joined. Owing to the coldness of the water the men are supplied with artificially warmed air, thus enabling them to make longer stays at the bottom.

### CRYSTAL SPRING WATER.

The Crystal Spring water, delivered by Tolman Bros., is the most pure of all the spring waters which are now being delivered in Duluth. Here is a letter which explains itself:

"I went to the Crystal spring this morning with Mr. Tolman and found the spring all right. The water is pure and clean. I use this water in my own family, also on board of trade and at the Imperial mill office."

"B. C. Church,  
"President Board of Trade."

### THE BELL BANK ESTATE.

John Cahill Wants to File Another Claim.

In the matter of the receivership of H. Bell, John Cahill filed a petition stating that before the bank failed he had a deposit of \$50 for which he held a certificate. He claims to have lost this and that he did not find it until the time for filing claims had expired. He asks to be allowed to participate in the estate.

A. N. McIndy is his attorney.

The Security Bank and Mercantile Bros. have joined in the petition to have a receiver appointed for the Bell Bank estate.

William H. Dean et al have sued Mary Duryea et al to have some lots on Rice's Point partitioned. John O. Winship is the attorney.

Moses Stewart, Jr., has filed his bond in the sum of \$500 as assignee for the Duluth Butter and Egg company with H. Beaver and William Meinhardt as sureties.

### NATIONAL COMMISSION MEN.

St. Louis, Jan. 10.—The National League Commission Merchants convention was devoted to the discussion of reports presented by the local officers, referring to the amendment of the bylaws receiving the most attention. The new officers of the League are as follows: President, H. S. Bean, Boston; vice president, C. W. Kleinfelder, Cincinnati; secretary, Frank E. Wagner, Chicago; treasurer, R. H. Brown, Philadelphia.

Kilgore & Stewart are selling everything at about cost on account of removal.

### A LEGISLATIVE PREDICAMENT.

Frankfort, Ky., Jan. 10.—Issue Wilson, Democratic member from Nelson county, is dying. McCreey has withdrawn from the senatorial race and Brown has entered. If Wilson dies the legislature will no longer be a tie politically.

Kilgore & Stewart move to new quarters. Entire stock selling at cost.

### W. C. Auld Claims His Water Charge Was Extortionate.

There were no criminal cases on trial in the municipal court this morning, but the attention of Judge Edison was taken up with the hearing of the suit of William C. Auld against the gas and water company. Auld alleges that he is the owner of the buildings at 317 and 319 East Fifth street and that he has been using water from the company's mains since 1892 paying the water rent regularly up to and including August, 1895. From Sept. 1 until Dec. 3 no statement of the account was received from the company and then a bill for \$80.58 arrived. Auld was astounded and tendered \$2.75 which he claimed was the proper amount due in payment. This was refused and the water turned off but finally the money was paid under protest and now Auld wishes to recover the alleged overcharge of \$78.83. Superintendent Craig, with his smile lacking, sat in the court room all the morning as a listener and eyed the jury pleadingly.

### THE SATURDAY CLUB.

The program for the Saturday club meeting tomorrow afternoon is as follows:

## FREIMUTH'S

### HORSES GET IT.

### Several Department Animals Have Died of Typhoid.

The retraining committee met yesterday afternoon and, at the request of T. R. Hawkes, of the jobbers union, who is on the fire department sub-committee, called on Chief Black for the second time. The members of the committee present were: E. R. Brice, Z. D. Scott, T. R. Hawkes, H. C. Sloan, Frank E. Wyman, Alderman Hale and Olsson and Mrs. T. C. Akin.

The principal question which came up was whether the hall at fire headquarters could not be pressed into service as an armory. To this Chief Black entered a decided demurrer. He argued that a portion of his men were compelled to sleep all the time and that to have a company of men drilling overhead with muskets was not conducive to undisturbed slumber. Moreover, the building inspector had declared the use of the objection to the noise was also raised against the suggestion of E. R. Brice that the stable now stored in the basement be taken upstairs and that apartment utilized.

Changing the subject, Chief Black told the committee how he had effected a saving by making a contract by the visit of the veterinary instead of hiring that official on salary. Since the new arrangement was effected the highest expense for one month was \$31. Incidentally it was remarked that at present four of the fire horses are ill with typhoid, and this fact, coupled with the death of several animals in the last few months, led to the request for another team preferred to the council at the last meeting.

### INTENDING TO CATCH YOUR EYE.

Don't skip this paragraph because it is small. It is worth reading for it tells about the Pinola Balsam, a certain remedy for cough, croup, croup, croup and the stopped up feeling in the throat and chest. A simple cough may turn into something serious if let alone. It comes to vex you and keep you awake at night when you have a cold. The inflammation in your throat with Ely's Pinola Balsam. The druggists sell it for 25 cents.

Kilgore & Stewart's removal sale, adv. page, is worth reading.

### HALF RATE EXCURSIONS.

# WEST END

Large Number of Installation  
In West Duluth This  
Week.

Ladies of the Macabees Com-  
bined Social Enjoyment  
With Theirs.

Kitchi Gammi Lodge K. of P.  
Installed Officers Last  
Evening.

This installation week in West Duluth, and nearly all the secret orders have taken the opportunity to join the formal ceremonies of the occasion with refreshments and other social amusements. The ladies of the Macabees, who have been blind, the orders which are strictly composed of the male sex, and not only installed the officers of this week but added twelve new members to the lodge. Pearl Lake, No. 4, West Duluth, now boasts of a membership of fifty-six, and is composed of a blend, energetic, earnest body of ladies from the city commander down to the youngest private in the ranks. On Thursday evening at the regular meeting the following officers were installed by Past Commander Christina McCallahan: Lady commander, Mrs. Nora Murray; lieutenant commander, Mrs. Clara Cunningham; record keeper, Miss Minnie Jacques; financial secretary, Miss Lizzie Vack; chaplain, Mary Burns; mistress-at-arms, Mary Dougherty; sergeant, Maggie Hogan; lieutenant, Susan B. Hackett; picket, Lucy J. Carey.

After the ceremony, Mrs. Nora Murray, whose past executive ability as lady commander has been the admiration of the order, was presented with an L. O. T. pin by record keeper Minnie Jacques in a graceful speech appropriate to the token and the occasion. The remainder of the evening was given up to refreshments and social enjoyment.

**KITCHI GAMMI LODGE.**  
The annual installation of officers of Kitchi Gammi Lodge No. 12, K. of P., took place last evening at the home of Mrs. N. H. Hackett, 120 West Superior street. After the ceremony, refreshments were served.

**WEST DULUTH ENJOYERS.**  
Capt. William Winick, mayor of Ironwood, Mich., is a guest of D. C. Prescott, 515 Second street, Duluth. Prescott, who is a well-known sportsman, has been in the city for a short time. He is a member of the Ironwood club, and has been taken to his home in Eagle River, Mich.

**NOTICE.**  
The partnership heretofore existing between E. J. Ketchum and L. O. Ketchum, partners in the business of hardware, tinning and roofing business, has by mutual consent been dissolved. E. J. Ketchum, continuing in the hardware business, while L. O. Ketchum will carry on the tinning, roofing and sheet business independent of the hardware store.

**THE FIRST REGIMENT.**  
The First Regiment, Cavalry, compiled by Edward A. Press, has recently been published. It is a history of the first since its organization in 1862, and contains pictures of officers and men. It is a very interesting volume, and is well worth a perusal to be congratulated on its success.

**Splendid Music and Skating Tonight! Endion Rink.....**  
You are never disappointed with your laundry when returned from the "Toy."

The annual session to the Northwest Curling association will be delivered at the First Presbyterian church, Duluth, tomorrow (Sunday) evening by T. H. Cleveland, D.D. Services begin promptly at 8 p. m. Special music. All curlers earnestly requested to be present. Alex. Macrae, secretary.

**PARTNER WANTED.**  
With \$3000. Manufacturing, the product of which is a specialty, profits large, sale unlimited. No capital, no personal demand. None but principals need apply. Address Peerless, Herald office.

**EXCURSION RATES.**

**THE NATIONAL GUARD.**  
Pursuant to orders from headquarters the Third regiment, Company C assembled Thursday evening at 8 o'clock for the purpose of holding an election for the position of captain of that company, when one of the members present, to the satisfaction of the company, was elected captain. The election was held at the residence of the company commander, Maj. H. H. Hackett, 120 West Superior street, and was attended by a large number of the members of the company. The election was held at the residence of the company commander, Maj. H. H. Hackett, 120 West Superior street, and was attended by a large number of the members of the company.

**Wheat Was Dull Today and the Price Dropped a Little.**  
Strength at the Opening Due to the Small Argentine Shipments.

**Buyers Were Rather Scarce and Short Sellers Caused the Decline.**  
Wheat opened with comparative quietness, but rather stronger than it closed yesterday. Its initial strength was due to the small shipments this week from Argentina and to an advance of 1/4 in the price of American wheat at Liverpool in the face of the decline here on the day before. Irrespective of these matters the short sellers pulled their calling vigorously, and as buyers were scarce the price slowly declined. They were aided by the heavy Northwestern receipts and the more active tone of the European news, together with the impression which they had carried over from the day before. That, if on Monday the visible should be found to have decreased only 50,000 bush this week, disappointment to the bulls and lower prices would be the result.

May opened here at 58c and advanced to 58 1/2c, but soon weakened and sold down to 57c. Cash wheat was dull. The market took about 20,000 bush. The price of Argentine wheat was 57c, and the price of American wheat was 57 1/2c. The price of Argentine wheat was 57c, and the price of American wheat was 57 1/2c.

**NEW YORK MARKS.**  
New York, Jan. 11.—The weekly bank statement of the associated banks shows a decrease of \$1,400,000. The weekly bank statement of the associated banks shows a decrease of \$1,400,000. The weekly bank statement of the associated banks shows a decrease of \$1,400,000.

You are never disappointed when your laundry when returned from the Troy.

Sweet music, Budweiser lager and a grand time at the Ideal Beer hall tonight.

## ECONOMY

It Has Been the Watchword  
During Mayor Lewis'  
Administration.

City Treasurer Voss Gives  
Some Figures as to City  
Expenses.

Large Reduction In Spite of  
the Addition of West  
Duluth.

It is well known that Mayor Lewis is regarded as one of the leading candidates for the Republican nomination for mayor. He has not been saying very much, but he has a large following and a strong effort will be made to nominate him. Mayor Lewis is a quiet man and not given to boasting and save very little about his administration, but investigation shows that it has been an unusually economical one. A reporter called on Treasurer Voss today and asked him something concerning the finances of the city.

"Mayor Lewis' administration has marked an era in economy in running the municipality," said Treasurer Fred Voss. "Our running expenses were less this year than during the preceding year. This has been accomplished largely by the reduction in number and salaries of the departmental employees, especially in the health, engineering, police and fire departments. By running the city on the economical basis within the last year alone the city has been enabled to make a reduction of \$25,000 in the floating debt or improvement certificates and outstanding orders. Consequently the city is in much better shape financially than when the present administration began."

ONLY \$20,000 CASH.  
"There has been a good deal of talk about the financial embarrassment of Duluth. The truth is that the city is merely temporarily in need of ready cash. This is through no fault of the administration. The property-owners are simply behind in paying their assessments. If every property-owner would pay today all they owe the city we could at once pay cash for all our improvement certificates and have \$20,000 in cash left in the treasury."

"West Duluth has caused me the most shortage of funds in any of the new territory that has been annexed. They had, at the time of annexation, improvement certificates to the amount of \$25,000 outstanding, besides \$50,000 in unpaid orders. Of these bonds \$12,000 came due two years ago and had to be taken care of. The property-owners against whom the certificates were issued only paid \$18,000 of the amount and the city was forced to advance the difference. This property has gone to judgment and has been sold. Then the charges against the property were settled, probably by the mortgagees, so there are no more."

SAVING \$18,000 PAYABLE.  
This is a plain statement of the city's financial position and the commendable management of the Lewis regime and the showing of the city's ability to handle every department. There have been few, for numerous, imprudent and consequently fewer burdensome special assessments. The following table shows the cost of maintaining the city government during the last year, 1895, and the next two of Mayor Patterson and 1897 with his estimate for the end of the fiscal year, February, 1896, for which Mayor Lewis' administration is responsible.

	1895	1896	1897
Office Salaries	\$1,200.00	\$1,200.00	\$1,200.00
Assessor's Department	\$1,200.00	\$1,200.00	\$1,200.00
Health Department	\$1,200.00	\$1,200.00	\$1,200.00
Police Department	\$1,200.00	\$1,200.00	\$1,200.00
Fire Department	\$1,200.00	\$1,200.00	\$1,200.00
Public Department	\$1,200.00	\$1,200.00	\$1,200.00
Year	\$1,200.00	\$1,200.00	\$1,200.00

"This is a remarkable showing when it is taken into consideration that the acquisition of the expensive run city of West Duluth was made in January, 1894, and handicapped the administration. The estimate for 1896 is probably excessive, as regards the police department and would be much less in the health department, and it is not the responsibility of the department estimate instead of being charged on the general fund, where it properly belongs. In 1894 the construction of the magnificent headquarters erected for the expenditures. To sum up, I would say that the city could not have been run more cheaply consistent with efficiency and from a financial standpoint Mayor Lewis' administration has been a success."

POLITICAL NOTES.  
The aftermath situation is practically unchanged. The Avon laundry man, wishes it announced that he is not a candidate for the Republican nomination for a chairman from the Third ward.

T. W. Hugo called on Mayor Lewis yesterday for a friendly call and was decidedly mounting the scene. There was a cheer from the city hall employees and citizens as he entered which could be heard a mile away. The majority assembly met for a special meeting of that organization for Monday evening in the Y. M. C. A. hall. The interest of the club to take an active part in the primary and city elections, and a local committee which has been appointed to look into city affairs will present a report at the special meeting outlining the course to be pursued by the club.

At a recent meeting it was decided to adopt a uniform suit for the Y. M. C. A. gymnasium to go into effect May 1. This will allow those now owning suits to wear them out, and those getting suits in the meantime will be expected to get the new uniform, which is as follows: Gray turner trousers, black worsted quarter sleeve jerseys, red triangle on breast, red belt and black gymnasium shoes. The uniform is a very neat and graceful one, and it will be undoubtedly popular.

BY EDUARD HOLST.

ing generally of holding next year's regatta at Lake Minnetonka. Many of the clubs in the association are anxious to change the scene of the regatta from the East to the West this season, in order to get a fuller representation of Western clubs in competition. Usually, owing to the expense of transporting boats and men, clubs in this part of the country have not competed in the national events, though many Western crews have shown by the time made in Western regattas that there is just as good timber in them as in some of the

**CURE FOR HEADACHE.**  
As a remedy for all forms of headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most rapid relief. It is the only remedy that yields to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the bowels regular action, and few cases need resist the use of this medicine. Try it once. Only 50 cents at Duluth Drug company's drug store.

**YACHT MODELS AND STEAMSHIPS.**  
It had been thought that one principle evolved from the gradual perfection of such "trailing machines" as the Henschel, might be applied in some modified degree to the construction of steamers, says January Scribner's. Those queer, spoon-shaped bows of the Defender and her immediate predecessors are designed to slip over the water, instead of cutting through it. Even a layman perceives at once that this operation lessens the friction and increases the speed. People closely interested in the improvement of the great ocean steamships are of the opinion that, so far as

## INDICTED

**Grand Jury Returned Three Bills in the Water Investigation.**

**They Are Against Supt. Craig and Engineer J. B. Stewart.**

**Craig Is Charged With Manslaughter in the Second Degree.**

The grand jury finished its labors this morning, and as a result three indictments are out on account of the water investigation. It had been expected that the jury would return a presentment on the water question, but its report took the form of indictments, which will probably be more effective than a presentment.

The indictments were not made public, nor will they be until those against whom they are issued are indicted. It is not known as yet what the charges are, but the indictments are against Superintendent William Craig and Engineer J. B. Stewart, who have been indicted for manslaughter in the second degree.

The indictments were issued after the grand jury had heard the evidence in the case of the water investigation. The grand jury was organized on January 10, and has since that time been engaged in the investigation of the water supply.

The indictments were issued after the grand jury had heard the evidence in the case of the water investigation. The grand jury was organized on January 10, and has since that time been engaged in the investigation of the water supply.

## HAMMOND'S ARREST.

**State Department Looking After His Johannesburg Detention.**

Washington, Jan. 13.—Senators Perkins and White called at the state department to urge Secretary Olney to take such steps as may be necessary to secure proper treatment for John Hays Hammond, the American mining engineer, reported to have been arrested by the Boer officials at Johannesburg on a charge of high treason in connection with the recent rising of the Uitlanders in the Transvaal.

Secretary Olney informed his callers that he had called Mr. Hanson, the United States consular agent at Johannesburg, to do everything proper for the protection of all American citizens in the Transvaal, this course being taken because the nearest American consul was at Cape Town, too far removed from the scene to be of use.

The secretary also calls that American citizens in the Transvaal are not in danger. The most that can be done is to have Hammond, it is said, if it is found that he is in the hands of the Boers, turned over to the British authorities, and that the satisfaction with what has been done in Hammond's behalf by the state department.

## SEVEN ASPHYXIATED.

**A Whole Family Murdered by the Father.**

Chicago, Jan. 13.—Peter Hougaard, a Dane, who is thought by the police to have been insane, killed himself, wife and five children last night. The discovery was made by the police today, upon forcing open the door of Hougaard's residence. They found the family asphyxiated. Hougaard had evidently waited till all the others were asleep and then turning on all the gas jets, had calmly laid down and waited his own death.

Hougaard wrote a note to a friend yesterday saying he was despondent and telling him what he was going to do. The dead are: Peter Hougaard, husband and father, 40 years old; Mrs. Hougaard, 36 years old; Hans, 14 years old; Ole, 10 years old; Ole, 8 years old; and Maude, 6 years old; Tolia, 2 years old.

## CANADA'S TROUBLE.

**Almost Unnoticed in England Owing to Transvaal Troubles.**

London, Jan. 13.—The Times publishes today a column article discussing the recent ministerial trouble in Canada, whose "remarkable and significant political crisis" has been caused by the Transvaal difficulties.

Continuing, the Times says it believes that if the Hon. Mr. Mackenzie Bowden, the Canadian premier, succeeds in forming a cabinet, he will only hold office for a few weeks and will then resign in favor of Sir Charles Tupper, the Canadian high commissioner to Great Britain.

## SECOND NOTICE ALLOWED.

**Decision on Timber and Stone Final Proofs.**

Washington, Jan. 13.—(Special to The Herald.)—Secretary Smith today modified the decision of the commissioners in the case of Henry Stricker, James A. Beerman, James Moran, Michael Coughlan and Thomas W. Moran from the Duluth land district.

The commissioners decided against the applications in each case to publish a record of the land in the case of the Canadian board are expected later in the week. Speaking of the work of the President Andrew said:

"At present we do not even know what probable route would be most advantageous. It is even possible that two such canals may be best for the eastern end, one terminating at Quebec, the other at New York. It would not do to sidetrack New York in any way, while New York probably will have an outlet of their own, if New York is decided upon as the eastern terminus in this country. The project will also involve deepening the Detroit and Saint rivers. Of course, everything is in embryo yet, and we are scarcely prepared to talk intelligently on the subject. We expect to be in session all this week, and will call upon the Lake Carriers' association during their annual meeting here. We shall not be prepared to report to congress for several months yet."

**AN EPISCOPAL SENSATION.**  
Milwaukee, Jan. 13.—A protest against the confirmation of Bishop-elect G. Mott Williams, of Marquette, containing charges that will create a sensation in Episcopal circles all over the country, has been forwarded to Bishop John Williams, of Connecticut. It attacks the confirmation by asserting that it was improperly constituted, and then makes the charge that Bishop Williams' election was brought about by a "packed ballot."

**AMERICANS ARRESTED.**  
London, Jan. 13.—The Cape Town correspondent of the Pall Mall Gazette says that the persons arrested by the Boers at Johannesburg include the following additional Americans: Capt. Mein and Charles Butters.

**DELAID LAND PATENTS.**  
St. Paul, Jan. 13.—The state auditor has issued a notice to the landowners of the state on delayed payments for state lands. The notice says that the state has a claim against the landowners for the amount of \$2,000,000, and that the state will not be bound to pay the interest on this amount until the principal is paid.

**STATE AGRICULTURAL SOCIETY.**  
St. Paul, Jan. 13.—The annual meeting of the State Agricultural Society will be held in the senate chamber of the state capitol on Tuesday next. The program for the day will consist of a report on the work of the society for the past year, and a discussion of the agricultural conditions of the state.

**PRESIDENTIAL NOMINATIONS.**  
Washington, Jan. 13.—The president today sent the following nominations to the senate: John W. Judd, attorney of the United States circuit court of Utah; Art M. Briggs, marshal of the district of Utah; Capt. William T. Russell, corps of engineers, to be major.

## UNIVERSE

**Bill to Allow Superior to Transport Goods in Bond Rejected.**

**Special Agent Woods Made a Report Adverse to the Measure.**

**Recommends That Superior Be Put Into the Duluth Customs District.**

Washington, Jan. 13.—(Special to The Herald.)—The special agent to whom was referred Representative Jenkins' bill to allow the port of West Superior to make shipments of goods in bond has made a report adversely to the committee on commerce today. Special Agent Woods not only reports adversely upon Representative Jenkins' bill to allow the immediate transportation of goods in bond through Superior, but recommends that the bill be referred to the Duluth customs district instead of the Marquette, Mich., district, 300 miles away.

Representative Towne and Tawney today introduced in the house duplicates of the bill introduced in the senate by Senator Davis, providing that clerks of the United States circuit and district courts in the district of Minnesota shall hereafter receive \$2500 per annum and expenses while attending court while away from home, in lieu of compensation heretofore allowed them.

Senator Nelson today introduced a bill in the senate, and Representative Towne in the house, providing that any person who has not heretofore perfected a title to a tract of land which he has made entry under the homestead law, the quarter section law, or any other law, shall hereafter receive \$2500 per annum and expenses while attending court while away from home, in lieu of compensation heretofore allowed them.

Today, being the second Monday of the month, was under the house rules set aside for the consideration of business relating to the district of Columbia. Mr. Morse presented a resolution calling upon the foreign affairs committee to report an expedition by this government regarding the Armenian atrocities and involving the cooperation of the allied powers to wipe the Turkish government off the face of the earth. The house then went into conference to consider the pension appropriation bill.

The vice president today held before the senate a letter from the secretary of the treasury in reply to a resolution of inquiry passed by the senate on January 10, asking whether \$100,000,000 in gold had at any time been set apart from other funds. The secretary's reply to this had never been given, there being no provision of law authorizing it.

**BUSHNELL**  
Inaugurated as Governor of  
Ohio at Columbus This  
Morning.

Gov. McKinley's Happy Re-  
marks In Introducing His  
Successor.  
Extracts From the Address  
of the New Ohio  
Executive.

Columbus, Ohio, Jan. 12.—Governor McKinley and staff, excepting two absent members, Col. Hotsford, of Youngstown, and Col. Taylor, of East Liverpool, were photographed today at 3:30 a. m. At 9 a. m. the governor welcomed the International Bricklayers' Union in each session to which all members of labor organizations had been invited to be present. This was simply a most formal welcome and was the last, but one of the governor's official acts, the last being his surrender of office to Governor Bushnell. The bricklayers received McKinley with hearty applause.

The inauguration ceremonies including Mr. Bushnell into office began at 11 a. m. Governor McKinley and staff and the joint legislative and citizens' committee met at the Old National hotel and escorted by Troop A, of Cleveland, the Cleveland City Guard and Fourteenth regiment of N. G., proceeded to the state house, where the governor, addressing the multitude in the rotunda, referred in appropriate terms to the occasion, presented his successor with a commission as governor and introduced him as Governor Bushnell. The attendance was very large and the city extensively decorated. Governor McKinley said to the people in presenting Governor Bushnell:

"It is a tribute to our institutions and an assurance of their strength and permanence that those who stood opposed to each other at the last election, now cheerfully acquiescing in the result, will have gathered here to participate in the inauguration of Governor Bushnell, and to wish him God speed and the realization of a useful, honorable and distinguished administration. No governor entered upon his duties with more kindly sentiments of regard and more certain evidence of public confidence, coming from every quarter of the state and from all classes of our people than he who takes this oath of office today."

"No governor, but one, ever came to the office with a larger plurality, and but one with a more popular vote than he. It will be a source of comfort and a tower of strength to him to realize always that he has behind him the people, whose only aim is the public good, and whose support will be given him in every effort to promote the welfare of the state. I congratulate him that he enjoys the confidence and good wishes of the people, and that he will follow him with his blessings and prayers."

"My last official act is done when I present to you, Governor Bushnell, in behalf of the people of this state, my commission as governor. No act in my four years' incumbency has given me more satisfaction than this. I know it will not be out of place to say for it is in my heart to say it—that you have my full and hearty personal good wishes, both in your public and private life. May a kind Providence guide and preserve you not only during the years of your official term, but in the years of your private life, and may your administration be of great advantage to the people, a credit and honor to yourself and an illustration in the annals of the state."

Governor Bushnell then delivered his inaugural address, which dealt largely with state finances and institutions. "In assuming the duties of governor at a period when we are approaching the end of a century, fraught with great achievements of civilization, it seems not improper that we should consider for a moment the progress made by our own commonwealth since its foundation. In the vast results accomplished all four people can take deep and lasting pride. One hundred and eighty years and a half ago a handful of pioneers laid the territorial foundations of this state, and upon that beginning other men and women of the same sturdy stock reared a modest structure, which, on Feb. 19, 1803, was deemed worthy of statehood and became Ohio."

"No act of congress of the United States has ever had a more glorious fruition than that which brought Ohio into being. It gave the Union an ever-living state; it provided self-government for a people who proved themselves the best husbandmen; it started a commonwealth upon an era of development not second to any of the world has ever seen."

"The history of our state needs no enlargement here. The lesson taught by the events of the past has been plain to all, and in the present it speaks in more glowing language than pen of historian could write or utterance of patriot describe. We are now a thousand people, while at the opening of the century our forefathers were but an hundredth part of that number. Ohio has literally increased one hundred fold. In ninety-five years, counting from the time when ambition to rise above the territorial form of government became active."

## Rich Red Blood

Is the Foundation of the Wonderful Cures by

## Hood's Sarsaparilla

That is Why the cures by Hood's Sarsaparilla are Cures. That is Why Hood's Sarsaparilla cures the severest cases of Scrofula, Salt Rheum and other blood diseases.

That is Why it overcomes That Tired Feeling, strengthens the nerves, gives energy in place of exhaustion.

That is Why the testimonials for Hood's Sarsaparilla are so close and convincing.

That is Why the sales of Hood's Sarsaparilla have increased year after year, while other preparations of less merit have come, held a little temporary favor, and are heard of no more.

That is Why Hood's Sarsaparilla treats the largest Laboratory in the world.

That is Why Hood's Sarsaparilla

Is the Only

True Blood Purifier

Prominently in the public eye today. Be sure to get Hood's and only Hood's.

Hood's Pills

There has been a result in a hundred fold greater in almost every way. The business has been an absolute triumph and speaking for those of the past as well as those of the present. It can be said that we have had and have good reason for claiming the approval of the steward of the earth have reaped wisely and well.

The governor advocates economy on the part of the public and an earnest consideration of existing tax laws, but one with a more popular vote than he. It will be a source of comfort and a tower of strength to him to realize always that he has behind him the people, whose only aim is the public good, and whose support will be given him in every effort to promote the welfare of the state. I congratulate him that he enjoys the confidence and good wishes of the people, and that he will follow him with his blessings and prayers."

## POWICE

Queen of Corea Is Not

Deed But Alive and Well.

A Story From Seoul Which

Is Pretty Good Reading.

Plot and Counterplot Sufficient to Satisfy a Modern

Novelist.

New York, Jan. 12.—A dispatch to the Herald from Shanghai says: A romance, quelling anything which has ever been written, comes from Seoul, the capital of Corea, relating to the conspiracy which broke out there last November. The facts are known to only a few persons, one being the king, and all have the strongest motives for concealment.

It will be remembered that on Nov. 28 an unsuccessful plot culminated in an attack on the palace by a number of Koreans belonging to the queen's party. M. Waesher, the Russian chargé d'affaires, Dr. Allen, the American, and other Americans were accused, on apparently good grounds, of being pawns in the plot. The queen was forced to flee the palace, and the king, who was reported to be dead, but who was in reality alive, was the leading spirit in the conspiracy, and was accused of having been the master of the plot.

Our correspondent's information now shows that M. Waesher and the English consul shared the secret, the object being to seize the ministers, expel the Japanese, free the king from his captivity, and restore the queen to the throne. The Russian secretary of legation was the leading spirit in the conspiracy, and was accused of having been the master of the plot. The queen was forced to flee the palace, and the king, who was reported to be dead, but who was in reality alive, was the leading spirit in the conspiracy, and was accused of having been the master of the plot.

When in October the Koreans and Japanese broke into the palace, the queen, seeing danger, fled hastily without speaking to her women, in an obscure outbuilding, saw the bodies of her children under a pile of straw, and was prepared for the completion of the tragedy from her own stings and the queen was conscious for an hour and a half, every moment expecting discovery. She was then taken to the palace, and thence, after changing her dress, made her escape to a place of safety.

When the Japanese and Koreans examined the charred bodies of the women who had been burned, the king and queen were found. The king was reported to be dead, but who was in reality alive, was the leading spirit in the conspiracy, and was accused of having been the master of the plot. The queen was forced to flee the palace, and the king, who was reported to be dead, but who was in reality alive, was the leading spirit in the conspiracy, and was accused of having been the master of the plot.

Three Koreans were arrested last week as the queen's murderers, while the trial of M. Waesher and the other Americans was being held. The king and queen were found. The king was reported to be dead, but who was in reality alive, was the leading spirit in the conspiracy, and was accused of having been the master of the plot.

IRISH DARK MISSING.  
Portland, Ore., Jan. 12.—Shipping men have feared to the Irish bark Loristan, now eighty days from Mazatlan, Mexico, for this port. The bark was last seen on the coast of Mexico, and arrived at Mazatlan, Oct. 25. There she disappeared a part of her cargo and sailed for this city.

One Minute Cough Cure is a popular remedy. It affords instant relief from suffering when afflicted with severe cold, croup, whooping cough, bronchitis, tubes and lungs and never fails to give immediate relief. S. P. Borge.

CURED AT 73 YEARS.

## THE DOCTORS SAY

What They Mean and Mean

What They Say.

Their Testimony In Favor of Kola Nerve Tablets is of the Highest Character.

"Infallible," "Very Satisfactory," "Wonderful and Harmless Stimulant," "Superior," Among the Terms Used.

The best-read physicians in the United States were among the first to recognize the great merits of Dr. Charcot's Kola Nerve Tablets as a sure specific for nervous debility and a true invigorator of nerves, brain, blood and muscles. From scores of professional testimonials, equally strong, the following are selected:

Dr. A. C. Sherwin, M.D., Hotel Polham, Boston, writes: "I am prescribing Dr. Charcot's Kola Nerve Tablets for nervousness, insomnia, dyspepsia and neuritis, with excellent results. I have no hesitation in stating that they are infallible in all forms of nervous diseases. Their invigorating properties are wonderful."

Dr. Henry S. Tucker, 125 State street, Chicago, in letter of Aug. 29, 1896, says: "I have been using Dr. Charcot's Kola Nerve Tablets in cases of nervous debility and nervousness, with excellent results. I have no hesitation in stating that they are infallible in all forms of nervous diseases. Their invigorating properties are wonderful."

Dr. H. H. McPherson, of 210 Hanover street, Boston, is especially noted for his research and medical training. He says: "I have been using Dr. Charcot's Kola Nerve Tablets for amnesia (impaired memory) and nervous debility, and have found them very satisfactory. I am sure they will be tried by them with the same success."

Dr. H. H. McPherson, of 210 Hanover street, Boston, is especially noted for his research and medical training. He says: "I have been using Dr. Charcot's Kola Nerve Tablets for amnesia (impaired memory) and nervous debility, and have found them very satisfactory. I am sure they will be tried by them with the same success."

Dr. H. H. McPherson, of 210 Hanover street, Boston, is especially noted for his research and medical training. He says: "I have been using Dr. Charcot's Kola Nerve Tablets for amnesia (impaired memory) and nervous debility, and have found them very satisfactory. I am sure they will be tried by them with the same success."

## ST. LOUIS BOYCOTT.

Fair Association Does Not

Mind it at All.

St. Louis, Jan. 12.—The St. Louis Fair association is not at all disturbed over the boycott recently declared against it by the Owners and Trainers' association of Lexington, Ky. Under the heading of "Our Honors and Position," Secretary Gwyn makes public the following in answer to the demands made by the Kentucky horsemen:

"First—We claim the inalienable right to manage our own business in our own way to the mutual advantage of our patrons and ourselves."

"Second—The demand was unreasonable, and the time importance, for our stakes had already been gathered to the world and were universally acknowledged by reputable owners to be on a basis of commendable liberality."

"Third—The demand, as made, was based upon too narrow a basis of recognized authority, importance and influence. The demand emanated from a few individuals who were not entitled to him than compliance with the demands of the breeder would have done."

"Our position—The St. Louis Fair association always has been and is now prominently and distinctly the friend of the horseman. The association is forty years old, and has never paid a dividend, nor does it expect or aspire to do so. Its surplus revenues have always been dissipated in increased prizes, stakes and from my experience, I think they are superior to anything of the kind in the market."

"Fourth—The demand, as made, was based upon too narrow a basis of recognized authority, importance and influence. The demand emanated from a few individuals who were not entitled to him than compliance with the demands of the breeder would have done."

"Our position—The St. Louis Fair association always has been and is now prominently and distinctly the friend of the horseman. The association is forty years old, and has never paid a dividend, nor does it expect or aspire to do so. Its surplus revenues have always been dissipated in increased prizes, stakes and from my experience, I think they are superior to anything of the kind in the market."

"Fifth—The demand, as made, was based upon too narrow a basis of recognized authority, importance and influence. The demand emanated from a few individuals who were not entitled to him than compliance with the demands of the breeder would have done."

## THE WEATHER.

United States Agricultural Department  
Weather Bureau, Duluth, Jan. 14.—The  
barometer has continued to rise at all  
stations in the Canadian Northwest, and  
pressure of 30.2 inches is reported in the  
region north of Montana.The temperature at Duluth, Minn., ranged from  
1.5 to 2.5 degrees below zero at Canadian sta-  
tions, and at Duluth from 2.5 to 3.5 below zero at St. Vincent,  
Chicago, and 2.5 above at Duluth City Kan.  
Light snows have fallen during the past  
twenty-four hours in Michigan and the  
Upper Missouri valley and heavy local  
snows north of Montana.Duluth temperature at 7 a. m. today, 4  
below zero; maximum yesterday, 11; minimum  
yesterday, 1 below zero. Local forecast for Duluth and vicinity  
until 1 p. m. tomorrow: Breeze from west, light;  
Wednesday: Breeze from west, light; temperature  
between 10 and 15; cloudy with occasional  
drizzle; becoming clear and cold.JAMES KENNELLY,  
advising Duluth official.  
(Chicago, Jan. 14.—Forecast until 8 a. m.  
tomorrow: Wisconsin: Increasing cloudi-  
ness; snow by evening; clearing; morning  
warmer in southwest portion tonight; rising  
temperature. Wednesday: Partly  
cloudy, becoming clear, and slightly  
warmer in south portion tonight; north  
to east winds.

## M'GILL IN THE FIELD.

According to the Minneapolis Times,  
ex-Governor Andrew R. McGill will  
within a few days, declare himself  
a candidate for the Republican nomi-  
nation for governor and enter upon an  
active campaign for that honor. Several  
meetings of the friends of the ex-governor  
have been held in the private offices  
of different gentlemen, and the question  
will be inaugurated with due form at  
once. It will, it is believed, be announced  
that Mr. McGill simply asks for the re-  
nomination to which he considers he is  
entitled at the close of his first term in  
1888, when the convention endorsed his  
administration and nominated W. R.  
Morrison. His friends claim for him that  
the vote by which he was elected when  
high license was the issue, though his  
plurality was small, was a triumph, and  
vindication of the principles which were  
enunciated by the convention of that  
memorable year, and that his 2500 plu-  
rality in 1888 was 100 per cent more than  
Morrison in 1890, when the party was  
thoroughly organized and there was no  
such inter-party strife as there was over  
the high-license campaign of 1886.While Mr. McGill is a very estimable  
gentleman and is well thought of by  
many people, it is not likely that his  
candidacy will arouse much enthusiasm  
outside of certain circles in St. Paul and  
Minneapolis. Probably Editor Pease, of  
the Anoka Union, who has been a friend  
and ally for McGill, but whether there is  
another man who will win in the hurrah  
is extremely doubtful. A similar state  
of affairs will be found in most of  
the other counties. The Republican con-  
vention in 1888 did not nominate Mr.  
McGill, presumably because the dele-  
gates did not consider him sufficiently  
strong. It was generally believed at the  
time that if renominated he would be de-  
feated. Since his defeat in the public an-  
tion Mr. McGill has been a man with a  
grievance, and in each campaign he  
and his friends have made an effort to  
push his candidacy for the second term  
for which he yearns. He may be success-  
ful this year, but at this time the out-  
look does not favor him in any marked  
degree.

## MUNICIPAL MUSIC.

One of the latest manifestations of the  
popular conception of a municipality's  
functions is the growing feeling in Eng-  
land in favor of the establishment and  
maintenance of town orchestras. While  
many German municipalities have had  
these orchestras for years, the idea is  
certainly new to the English, who are  
not regarded as a music-loving people  
to the same extent as the Germans.While the outcome of the movement  
will be watched with interest, it is al-  
together likely that it will be at least a  
partial success. Already many of the  
more considerable municipalities are in  
the habit of providing free band con-  
certs in the public parks at regular in-  
tervals during the summer months, and  
the extension of the system to the win-  
ter season and indoor performances  
could scarcely be called a radical inno-  
vation. Of course, at first sight, it might  
seem that the rent of a suitable audi-  
torium would add materially to the  
municipal expenses account, but as a mat-  
ter of fact, in nearly all of the central  
public buildings belonging to the great  
cities like Manchester, Birmingham and  
others, there are vast assembly halls  
which are the property of the public and  
where, even as it is, the public frequent-ly gathers to listen to the music of a  
municipal orchestra, who gives regular  
performances at stated times each week.  
In this way, consequently, among the  
larger municipalities of England, at  
least, the question of additional expense  
would not comparatively little figure,  
and there is an encouraging probability  
that in the larger centers of population  
the municipal music movement will  
prove a gratifying success.  
Having gained headway in England,  
we may expect the movement to also  
take root in America. There are many  
cities in this country now in which free  
band concerts are given with the assis-  
tance of funds from the municipal treas-  
ury, and from free band concerts in the  
public parks or elsewhere during the  
summer to orchestral concerts indoors  
during the winter is not a long step.  
Still it will probably be a number of  
years before the idea takes hold in the  
United States, and particularly in Du-  
luth, but so long as we have lively spring  
electrons and a common council which  
should we look for more municipal  
music?

## THE LOGICAL CANDIDATE.

Mayor Ray T. Lewis is the logical  
candidate of the Republican party for  
mayor at the February election.He has given Duluth the best admin-  
istration it has ever enjoyed.It has been a business administration,  
in which politics cut no figure whatever.The finances of the city have, under  
his direction, been well handled.By his policy of economy, he has suc-  
ceeded in reducing the indebtedness of  
the city \$250,000 within two years.Considering its growth and cheaply  
governed as at the present time.It has been the purpose of Mayor  
Lewis to still further reduce the cost of  
running the city. If given the opportu-  
nity, why not give him the opportunity?Mayor Lewis is sound on the water  
question. No man can honestly attack  
his record in that respect.He is the first mayor that ever brought  
the water company to terms.While others have talked, he has gone  
ahead and accomplished something.He is a safe man to have in the  
mayor's chair and he should be con-  
tinued there.Let the Republicans consider these  
facts, when they select delegates at the  
primary caucuses.

## THE LOW LAKE LEVELS.

The Washington correspondent of the  
Milwaukee Sentinel says there is every  
reason to believe that the present ses-  
sion of congress will witness considerable  
activity among the representatives from  
the states bordering on the great lakes  
in the interests of navigation, and for  
the betterment of facilities for transporta-  
tion and lower rates on these great  
fresh water bodies. Attention has al-  
ready been called to the appointment of  
a committee on rivers and harbors of  
a sub-committee, of which Representative  
Cooper is chairman, for the purpose  
of investigating the subject of the levels  
of the lakes. Proposals have been made  
by several senators and representatives  
for legislation touching this subject, and  
it is highly probable that out of the many  
schemes on foot some definite plan may  
be evolved that will be conducive to  
the betterment of the condition of naviga-  
tion on the lakes.It is well known that the lakes are  
now much lower than at any time during  
the past quarter of a century. There are  
various causes assigned for this state of  
things, among which are the scarcity of  
rainfall, the deepening of the shallows  
connecting the different lakes, especially  
by the great project for a deep channel  
connecting Chicago, Duluth and Buffalo.This channel, now nearly completed, is  
to be twenty feet deep, and in contempla-  
tion of this great improvement in lake  
navigation many deep-draught vessels  
have been constructed on the lakes. An  
investigation shows that it will be im-  
possible to utilize these splendid ships  
if the lake levels are to be permitted to  
drop lower and lower as they have dur-  
ing the past two years.This lowering of the levels has not only  
retarded the successful introduction of  
the big deep-draught vessels, but it is  
claimed that the navigation of many of  
the principal harbors has been seriously  
interfered with, and the result is in-  
creased annoyance and expense to the  
lake mariner and a consequent increase  
in transportation rates on the waters of  
the lakes. The fall in the levels of the  
lakes is variously estimated at from  
three to five feet. It is claimed by ex-  
perienced observers that the costly sys-  
tem of dredging in the harbors is inade-  
quate to meet the existing conditions,  
hence the latest proposals respecting the  
subject are the successful result of the  
outlet of the lakes to raise the levels.Owing to the great importance of the  
lake mariner traffic congress will be asked  
to provide some remedy, and to provide  
it speedily.

## A JUST PROTEST.

The Anoka Union protests strongly  
against the action of the Duluth post-  
office department which forbids postmas-  
ters from issuing or paying money orders  
after 6 o'clock p. m. The Union says:  
"If the postoffice is to be run for the  
benefit of the few instead of the many,  
the sooner the money order is abolished  
the better. Shouldn't wonder if pretty  
soon the postoffice will close at 3 o'clock  
daily, so that the cash may be balanced  
in time for the postmasters to go to  
their bedchamber."The protest is just. The money order  
department of the postoffice should be  
kept open an hour or two in the evening  
for the benefit of the working-  
men who are unable to visit it until after  
6 o'clock without quitting work before  
the regular hour and thus losing part of  
their wages. The money order depart-  
ment of the Duluth postoffice closes at 3  
o'clock, and the result is serious in-  
convenience to many people. Of course,  
the postmaster cannot be blamed, be-cause he must obey the orders which he  
receives from Washington. But there is  
no valid reason why the postmaster  
general should not direct that in the cities  
the money order offices shall be open  
from 6 to 8 o'clock in the evening. There  
are numerous reasons why such an order  
should be issued.

## THE TONNAGE TAX.

The difficulty of making the residents  
of an inland town understand anything  
in connection with the marine business  
is evidenced by the attitude of the St.  
Paul Globe in regard to the so-called  
"seaboard tax." The Globe asserts that  
the legislature was induced to pass the  
seaboard tax bill by being told that a  
seaboard tonnage tax meant a 2-cent ton-  
nage tax on the goods carried on the lake  
during the first year would be large. The  
Globe asserts that the legislature entered  
into such a bargain. The bill was care-  
fully explained and no person could  
be deceived as to its intent and effect.Its principal object was to encourage  
the registration of lake vessels at Du-  
luth and Two Harbors. It was not ex-  
pected that the revenue from the tax dur-  
ing the first year would be large. The  
Globe laughs at the small amount, only  
\$67.39, and intimates that by some other  
mode of taxation a much larger revenue  
would have been secured. Has the Globe  
ever examined the various items that  
make up the small total of \$67.39? Has  
it inquired into the class of vessels that  
have paid this tax? The fact is, that a  
few small tugs and dredges have paid  
the whole of it. There are no large ves-  
sels registered at the port of Duluth,  
because heretofore neighboring states  
have adopted tonnage tax systems and  
thus secured the registration of the large  
boats, some of which are largely owned  
by Duluth men.If Minnesota can induce the owners of  
the large boats to make Duluth their port  
of registry, it is not a wise policy? The  
state would then get some revenue  
by the tonnage tax that it cannot secure  
by any other means. This is not putting  
a premium on the evasion of taxation,  
as the Globe asserts with a show of vir-  
tuous horror. Other states have the ton-  
nage tax system and now deprive Minne-  
sota of revenue from this source. If  
Minnesota can get back the revenue that  
rightly belongs to her by adopting the  
same system of taxation, how does that  
put a premium on the evasion of tax-  
ation?The principal subject of discussion in  
New York at present is the feeling in  
Duluth against the liquor license. There are said to be  
3000 places in the city where liquor is  
sold. Of this number 7000 hold liquor  
licenses. The increase in the amount of  
license to be paid will weed out at least  
a third of these places, among which are  
the saloons, which have been making  
a fortune out of the license. When the  
license is high the saloon-keepers will  
take care to see that all illicit com-  
petition is destroyed. It is expected that  
\$1,000,000 will be realized from the licenses.The Superior leader quotes a Superior  
man as saying:  
"Duluth is a city where the feeling is  
superior against Duluth." The Herald  
does not believe that there is the slightest  
feeling toward Superior entertained in  
Duluth. The people of this city with  
Superior will be glad to see the feeling  
in feeling, but happily they are few in  
numbers.The places for registration will be open  
until 9 o'clock tonight. Register or you  
cannot vote for mayor and aldermen at  
the election of Feb. 4. The new law re-  
quiring registration for every citizen  
applies to this election. Your name will  
not be copied from the old lists. The law  
forbids it.The municipal campaign grows  
warmer. When the Republican conven-  
tion has settled upon its ticket, the fun  
will grow fast and furious. And it is not  
unlikely that there will be considerable  
fun at the Republican primaries tomor-  
row night.The state treasurer's report, published  
a few days ago, shows that St. Louis  
county paid \$312,105 into the state treas-  
ury during the fiscal year. The Ramsey  
county paid \$447,135 and Hennepin  
county \$501,000. No other county  
paid over \$75,000.The St. Cloud Journal-Press objects to  
Attorney General Childs' candidacy for a  
third term. His fight against the  
Jim Hill consolidation scheme anything  
to do with the opposition by the Journal-  
Press?Sir Garnet Wolseley in the next Euro-  
pean war will not sign so lustily for the  
Prussians as did Wellington at Waterloo.  
The case will be different, says the St.  
Louis Star.Do not forget that every person must  
register anew for the coming municipal  
election. The old poll lists cannot be  
copied. Register today.This is registration day. All must  
register in order to obtain the right to  
vote.Register tonight. You may forget on  
the next registration day.ANOTHER "FAKE" STORY.  
Ely Miner: The "fake" writer for the  
Minneapolis Journal again worked his  
grace in Monday's edition by spreading  
the rather silly tale of a rifle on  
bicycle from Italy Lake made by  
Margie Kelly, of this city. Margie is  
unknown here, as are also her relatives.The readers of our publications are re-  
quested to use Salvation Oil for any and  
all pains. It is a sure cure. 25 cents.Uncle Sam's New Treasury  
Notes Will Be Very  
Beautiful.Ones, Twos, Fives and Tens  
Which Will Soon Be  
Issued.Superb Pictures By a Num-  
ber of Eminent Engrav-  
ing Artists.The new government issue of treasury  
notes will mark a new chapter in the  
paper money of the world, as well as  
define the relations between art and  
currency, which have heretofore been  
left entirely out of governmental con-  
sideration. The \$1, \$2, \$5 and \$10 bills  
shortly to be put in circulation by the  
government of the United States will be  
works of art, each note being worthy of  
framing like any other engraving of  
high merit such as the famous "Shirley  
Shirley" and "Edwin Howland  
Howland" which have been made into  
steel plate engravings, from which, in  
turn, impressions have been printed  
on absolutely unique and beautiful  
paper, the result being not only new  
money, but millions of dollars of art  
work. The new \$1 note, designed by  
Walter Shirlay and Edwin Howland  
Howland, has made old engravings  
made steel engravings, from which, in  
turn, impressions have been printed  
on absolutely unique and beautiful  
paper, the result being not only new  
money, but millions of dollars of art  
work. The new \$1 note, designed by  
Walter Shirlay and Edwin Howland  
Howland, has made old engravings  
made steel engravings, from which, in  
turn, impressions have been printed  
on absolutely unique and beautiful  
paper, the result being not only new  
money, but millions of dollars of art  
work.The design of the face of the \$5 note,  
which will be the first issued, is by Wal-  
ter Shirlay. That for the \$1 is by Wal-  
ter Shirlay. The new \$10 note, and Walter  
Shirlay the new \$10. They will probably  
appear, the \$1 and \$5 notes in January  
or February, the \$2 and \$10 note two  
or three months later.The new \$10 note designs have  
consisted of a hot-pot of portraits,  
latter work, letters, etc., having no par-  
ticular relation to each other, and no  
coherent significance. These various bits  
of engravings have been made on a  
steel plate of certain size and the  
sultan printing has shown a series of  
plates of certain size and the  
government of the United States, in  
the new series, has attained unity in  
design and effect, which is a great  
achievement. The new \$10 note, de-  
signed by Walter Shirlay and Edwin  
Howland, has made old engravings  
made steel engravings, from which, in  
turn, impressions have been printed  
on absolutely unique and beautiful  
paper, the result being not only new  
money, but millions of dollars of art  
work.The new \$10 note designs have

of engravings have been made on a  
steel plate of certain size and the  
sultan printing has shown a series of  
plates of certain size and the  
government of the United States, in  
the new series, has attained unity in  
design and effect, which is a great  
achievement. The new \$10 note, de-  
signed by Walter Shirlay and Edwin  
Howland, has made old engravings  
made steel engravings, from which, in  
turn, impressions have been printed  
on absolutely unique and beautiful  
paper, the result being not only new  
money, but millions of dollars of art  
work.The new \$10 note designs have  
consisted of a hot-pot of portraits,  
latter work, letters, etc., having no par-  
ticular relation to each other, and no  
coherent significance. These various bits  
of engravings have been made on a  
steel plate of certain size and the  
sultan printing has shown a series of  
plates of certain size and the

**IT IS SLOW WORK.**

**New Ice Is Forming in the  
Reservoir Rapidly.**

Contrary to expectations, the gang war  
year cleaning the ice off the reservoir  
has not yet completed the task. The  
cent cold snap melted five inches of ice  
and the following day had them clear

and from appearances the work is nearer completion than it was last night. Under the instructions of the city engineer the removal of the ice will be pushed.

Ten thousand gallons of pure water being distributed under the supervision of the board of public works daily. Teams are in operation hauling from Smithville, and nine tank cars are being used in the distribution. The third car for West Duluth has not yet arrived, is expected daily.

<h2 style="text-align: center;">LAND DECISIONS.</h2> <p><b>Several Received From the Department Today.</b></p> <p>Several decisions were received at the United States land office today. In the case of Samuel Sanford vs. Joseph Brudden the secretary of the interior denies the application of Sanford for acquisition. The land involved is the city of sold and sw<sup>1</sup>/4 of sec<sup>1</sup>/4 of section 25-17-1. The secretary says that the suit is barred in dismissing Sanford's claim.</p>	<h2 style="text-align: center;">PERSONAL.</h2> <p>W. M. Hamilton left today for a tour of the Eastern cities, including Boston and Philadelphia. He will be absent about three weeks.</p> <p>D. W. Hinks is in the city. L. B. Child left last evening for Hurst, Ala.</p> <p>William McCullen, of Toronto, Ariz., in the city today. Robert R. F. E. is manager of the Metropolitan life insurance company. J. D. McCallister transferred from Buffalo, and leaves for new field today.</p> <p>Owen Ferguson, who has been transferred here, will remain some time, returning for his home.</p>

**Ex-C. McQuade Very Ill.**  
S. Chief of Police Samuel C. McQuade is dangerously ill with scarlet fever, after a protracted illness at 231 West Third street, and his recovery is doubtful. Mr. McQuade has been troubled with the disease for a long time, and about two months ago went to Georgia to find relief. He was seized with the disease there, and recovered temporarily sufficiently to return to Duluth, New Year's day. Since then he has undergone a course of Dr. Tilden's treatment. Mr. W. H. McQuade and Fred McQuade, arrived yesterday from Duluth to confer with a telegram, and his other children, Mrs. Capt. Flynn and Robert McQuade.

of this city, are so at the present time.

DIED.  
On Monday, at 2:14 p. m., at his Fourth avenue residence, William Hanson, aged 36 years. Funeral tomorrow (Wednesday), at 2 o'clock p. m.

PENSION RATES.
